

## X-Ray Unit Dates Are June 16 to 18

All Persons More Than 15 Years of Age Are Urged to Visit Free Stamford Clinic

Civic clubs in Jones County joined this week with medical circles and the sponsors of the county Tuberculosis Society in an all-out drive to obtain participation in the free X-ray clinic, set for June 16, 17 and 18 in Stamford.

The clinic is one of two that are being conducted in the county this month, sponsored by the State Tuberculosis Association, in cooperation with the county chapter.

The second clinic will be conducted in Anson, June 20, 21, 22 and 23, when an effort will be made to induce all persons who missed the first one, to have X-ray pictures

charge is made for the service, and the procedure takes only a few moments of time, it was pointed out this week by Joe Breed, chairman of the campaign.

Clinics are being conducted in an effort to diagnose all incipient cases of tuberculosis, and provide medical aid before they have progressed too far, Breed said.

All adults more than 15 years of age are urged to attend one or the other of the clinics for the X-ray pictures.

It is not necessary for the patient to undress, Breed said, and results

## City Planning Board To Meet on Monday

Regular meeting of the Hamlin City Planning Commission will be Monday evening, June 13, in the Johnson Drive-Inn cafe, I. R. Hutchinson chairman, said this week.

Local matters have been presented to the board for approval, Hutchinson said, and he urged all members of the group to attend.

Any interested citizen is invited to attend, the meeting and to present any matter to the board he considers of interest.

## Several Wells Near Completion as New Ones Staked; Culbertson Test Watched

Several wells in the Hamlin field are nearing completion and ready for testing early Thursday, but because of muddy roads late reports were difficult to obtain.

The Texas Pacific Coal & Oil Co., due & Toler, was drilling a 7-foot late Wednesday and expected to encounter the Ellenburger Thursday.

The Texas Co., Stephens, on Sec. 1, reported at 4,780 feet Wednesday and was going on down to explore lower strata. A test of the Canyon and failed to show commercial production.

South of Hamlin a rig was moved on the Jet Milsap tract for a 200 foot test of the Strawn. The test is located four miles east of Boyd Chapel.

Meald & Hood, drilling on the Culbertson lease, reported at 740 feet Wednesday. The test is scheduled for the swastika. Oil men were watching the test with interest, as it is in unproven territory.

Location for a deep test in the McCauley area was filed last week. A. Perry of Oklahoma City, who proposes to drill the No. 1 McCauley, et al, one mile south of McCauley.

The well is slated to go to 5,000 ft rotary.

A deep wildcat in unexplored territory has been located 15 miles northwest of Hamlin by Roesser and Middleton of Fort Worth. They will drill the No. 1 Randy James, with permit calling for 6,500 feet. The well will be drilled with rotary.

General Crude Oil Co. has filed a trial gauge of 434 barrels of 42.37 gravity oil in 24 hour test for the No. 2 Flores, et al B, offset to production in the Round Top Pool of Hamlin field.

Production was through quarter inch choke from open hole 4,623-401 ft, with packer on casing 5 1/2 pounds on tubing. Casing set at 4,614 feet.

of the photographs will be confidential.

The Stamford clinic will be conducted in the City Hall, and the hours are: June 16, 9 a. m. to 6 p. m.; June 17, 9 a. m. to 6 p. m.; June 18, 10 a. m. to 5 p. m.

## City Pleads for Weed Cutting and Ditch Drainage

A plea to property owners, and tenants, in Hamlin to get rid of weeds along the parking in front of their premises and to clean out drainage ditches to permit accumulated water to run off, was made by city officials this week.

A member of the city council reported Wednesday that the city has cleaned all open ditches on city property. However, he pointed out, the city does not have sufficient manpower to take care of the ditches in all parts of Hamlin.

"Because of lack of manpower, and time with which to take care of all ditches in town, the city is appealing to all owners of property and even to tenants, to cooperate in ridding the town of the menace to health from mosquitoes," the council man said.

The city has treated all open water pools on public property, to prevent breeding of mosquitoes, and will cooperate as far as possible in helping residents to safeguard their own premises against the mosquito menace.

Abnormal weather conditions during the spring months have been responsible for swarms of mosquitoes that have plagued local residents, it was pointed out, and action is urged before the pests cause an outbreak of polio or malaria.

## Calvary Church to Be Host to Song Group

The Calvary Baptist Church in Hamlin will be host to singers of this area Sunday afternoon, when a songfest is slated to get underway at 2:30.

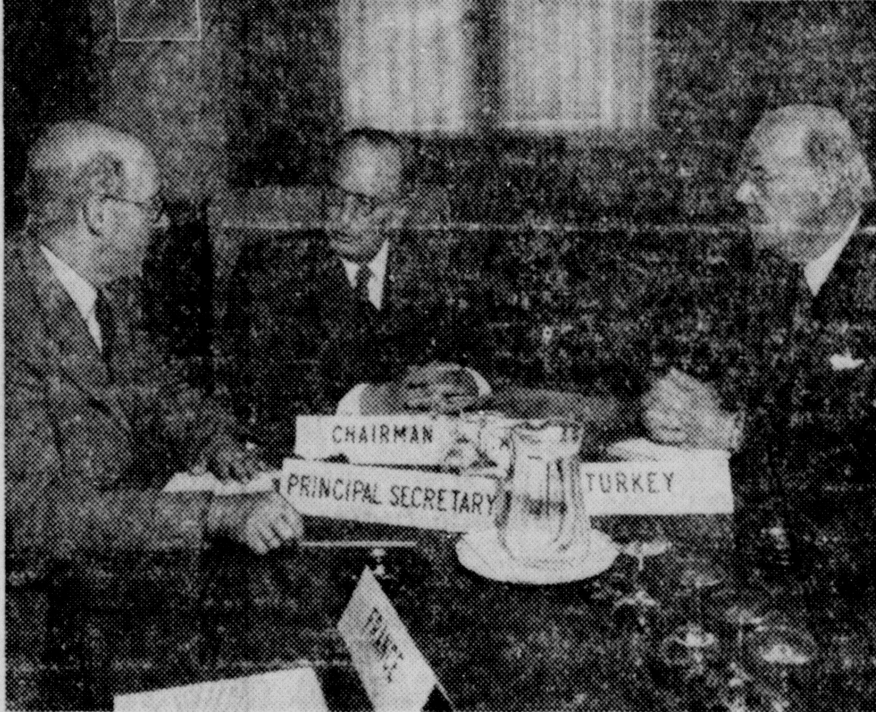

Miss Hazel Higdon and Marvin Johnson will be official delegates from the Nazarene Young People's Society of Hamlin to the annual NYPS encampment in Lueders, June 13 to 17. Rev. Howard Smith, pastor of the Nazarene Church, said this week.

Others from the local church who will attend the encampment are Rev. and Mrs. Smith and their children.

## NYPS Group To Go to Lueders Encampment

Miss Marylyn Fletcher is spending a vacation period in Colorado.

## U.N. Sponsors Holy Land Peace Talk

In what may be one of the last steps toward a permanent settlement of the Holy Land conflict, the United Nations Conciliation Commission for Palestine, in Lausanne, Switzerland, is now sponsoring Arab-Israeli exploratory talks on the terms of a final peace. Here, the Commission's Principal Secretary, Pablo de Azcarate, discusses the day's order of business with Chairman Mark Ethridge of the United States, and the Turkish Representative H. C. Yalcin.

## Hamlin VFW Will Bow to Court Rule

"Still Continue to Operate as Club" But Beer Is Out, Member Reported Thursday

Hamlin's Veterans of Foreign Wars, Post 6014, will bow to the recent decision of the state Supreme Court, outlawing the sale of beer by clubs in dry territories, according to Clyde Huff, past commander of the post. The club will discontinue sale of the beverage, Huff said.

However, he continued, the post will continue to operate a club for its members where pool tables, ping pong, dominoes, card games and other forms of entertainment will be carried on.

For several years in dry areas of Texas, clubs have operated on the "Club Card Plan," in which members purchase tickets with 24 numbers on them. The numbers would be punched as the member obtained each bottle of beer, until the card was used up. The plan did not permit the outright sale of beverages, but the club would act as a place of storage for individual members who purchased the beer for their own use.

The Supreme Court case grew out of a raid on the Hamlin club more than a year ago by operatives of the Texas Liquor Control Board, in which a quantity of beer was confiscated.

## New Clubs Join Oil Belt League; Interest Grows

Addition of two new clubs to the six members of the Oil Belt baseball league was announced last week following a called meeting of the organization in Trent.

The new clubs, a spokesman for the league said, will widen the scope of the organization, and make for new and greater interest in the summer play-off.

Thornton's Motors team from Abilene and a team from Hodges brought membership in the loop up to eight.

The Oil Belt league was formed more than a year ago, and has included teams from Hamlin, Trent, Divide, Sweetwater, Lorraine and Merkel.

A complete revised schedule for play during the remainder of the season will be announced next week.

In the games Sunday, Hamlin Independents bowed to Thornton Motors when the Abilenians eked out a 4 to 3 victory on the local diamond Sunday afternoon.

Jack Miles led the McMurry collegians, playing under Thornton's trademark, to their fourth win in five games during the season. The contest marked the third straight win of the Thornton players over Hamlin.

The Hamlin post brought suit in district court to recover more than 9,000 bottles of beer that had been seized. A district court jury ruled in favor of the local club, and the Liquor Control Board appealed the decision. The Court of Civil Appeals reversed the district court judgment and the Hamlin post appealed.

The Appeals Court decision was upheld by the Supreme Court a few weeks ago.

## County School Census Reveals Population Off

Jones County's population, ages 6 to 18, took a drop of 102 during the past year, according to figures compiled from the recent county school census.

Scholastics enrolled in the census for 1949 were 4,807 as compared with 4,909 for 1948, according to Everett Beaver, county superintendent.

A supplementary report on the count of school age individuals will be made in July, but is not expected to change the results announced in the first census, Beavers said.

The supplement will be for the purpose of enumerating those who have moved into the county since the census was completed. Also, children who will be six years of age before September 1, and those who will not have attained their 18th birthdays before that time, will be included in the supplementary count.

The supplementary census can be taken at any time during the month of July in the office of the county superintendent, or information concerning uncounted scholastics may be given to any superintendent of an independent school district.

Hamlin's report placed the local district second in size in the county exceeded only by Stamford. The totals for independent districts were: Hamlin 1,113; Stamford 1,543; Anson 1,099; Hawley 202; and Lueders, 239.

## CAPTAIN GREENWAY HERE

Captain Carolyn Greenway of the WAC, is spending a few days in Hamlin this week on furlough. Captain Greenway is stationed at the Lackland Air Force base in San Antonio. She will return to duty June 23.

## TO ATTEND CONVENTION

Police Chief J. H. Foster will leave Sunday for Houston, where he will attend the annual convention of Texas police chiefs. He will be accompanied by Chief G. G. Flournoy of Stamford. They will make the trip by train.

## Lowell Cure Is Named Teacher Of Vet's Class

Lowell Cure, formerly of Seymour, has been named teacher of the Veterans' Agriculture class in Hamlin, and took charge of the group this week.

Cure succeeds William M. Moore, who has been teacher of the class for the past two years. Moore has gone to Anson where he will be in charge of a similar vocational school.

The Hamlin school has a present enrollment of 23 former service men. Two nights each week are spent in classwork, and 26 hours each month are spent in shop work and demonstrations.

The men are taught shop work, handcrafts and mechanics in the classes which are conducted in a building erected by the students at SE Avenue B and Second.

Moore said the class at Anson has a present enrollment of 24 students.

## Softball Schedule For Season Play Is Drawn by Coaches

Hamlin All-Stars bowed to the Rotan stellar group last Saturday evening when the visitors chalked up a 7 to 0 lead over the locals.

Plans for another All-Star game for Saturday night of this week were being made this week, but definite announcement could not be made prior to Thursday. It was believed the game will be between the Hamlin Junior All-Stars and the Longhorns from Abilene.

In games this week the Lions Cubs, repeating their performance of last week, outslugged the McCauley youngsters by the narrow margin of one point Monday evening, when the final score showed only a 7 to 6 game.

The Hitson men edged out a win over Sylvester in the second game of the evening with a final count of 7 to 6.

New Hope women trounced the hard-playing Neinda women in the third game of Monday evening, and emerged with the long end of a 16 to 4 tally.

In Tuesday night's games the Celotex men had their own way on the diamond when they faced the Hamlin High School team. The locals led by a score of 2 to 0 until the third inning when the Celotexians settled down to playing and rolled up a count of 22 before the final play was made.

Hamlin girls took the narrow lead of a 9 to 8 score over Hitson in the second game of Tuesday evening. Only two games were played in Tuesday's schedule.

Games slated for Friday evening will see the McCauley women pitted against the highly-touted New Hope aggregation, and the Neinda men facing the McCauley men.

A total of 14 teams are entered in the softball competition, according to Coach Truman Nix, one of the sponsors.

Six men's teams have signed up, five women's teams are playing and only three junior teams are on the list. Nix said more junior teams are needed before a league for this age can be formed. He said an effort will be made to obtain at least one additional club.

A complete schedule of play for the summer has been worked out.

(Continued on Page Eight)

## Lions Hear Murrell: See Picture on TB

A talk by Carl Murrell, local automobile dealer, was on the program at the Tuesday noon luncheon meeting of the Hamlin Lions Club. Murrell discussed the outlook for 1949 college graduates, basing his talk on an article in Fortune magazine.

A second feature of the program was the showing of a sound motion picture on tuberculosis, in support of the drive to have all adults in Jones County participate in the free X-ray clinic. Joe Breed of Anson, county chairman of the TB campaign, spoke briefly and urged all present to have the X-rays made. Dates of the clinic are June 16, 17 and 18.

## Harvest Stopped By Heavy Rains

Rainfall for Week Reaches Total of 1.78 Inches as Combines Are Forced to Idleness

Continued rain storms, accompanied by strong winds, during the week, brought the 1949 wheat harvest in Hamlin's area to a complete standstill, but farmers were hopeful that cutting can be resumed later in the week.

Damage estimated by wheat men at from 25 to 50 per cent resulted to the remaining crop from the storms. Most of the damage was caused by falling wheat, which will make it difficult to cut.

A survey of several fields Thursday morning by a Herald representative revealed many crops almost

proximately 60 per cent complete before the storms struck, and estimates of further yield were pessimistic following the storms.

Meanwhile the price, which sagged to \$1.50 for No. 1 wheat last week, inched upward to stop at \$1.60 for the No. 1 grain as of late Wednesday.

A deduction of one cent per bushel was being made for each pound the grain tested under 60 pounds. In other words, it was explained, wheat which tests only 59 pounds will bring \$1.59 on the local market, and wheat that tests 58 will sell for \$1.58.

A total of 175 cars of grain had been brought to Hamlin prior to the rains. More than half of the wheat brought in was for storage under government loan regulations, wheat men said.

In total number of bushels, the wheat brought to Hamlin during this season is estimated at approximately 315,000 bushels. Not more than 75,000 more bushels are expected to be marketed here during remainder of the season.

## Tommy Carpenter to Attend Scout Camp

Tommy Carpenter, son of Mr. and Mrs. Fred Carpenter, left Thursday for Cimarron, New Mexico, where he will serve on the staff of the Philmont Scout Ranch.

Carpenter, who served as a staff member last summer, will return to his home in Hamlin in September. Philmont is the National Scout camp and covers 127,000 acres of land. Scouts from 39 states attended the camp last summer.

## OUT OF BOOT CAMP

Bobby L. Goodgame, son of Mr. and Mrs. V. L. Goodgame of Hamlin has completed his recruit training at the San Diego Naval Training Center. He entered the navy on March 4, and prior to that time he was a student in Hamlin High School.

## Wheat Storage Is Pledged by D. A.

Government Offers Aid to Farmers in New 3-Point Program to Include Distress Loans

Wheat farmers in West Texas and the great plains area were offered new relief from problems of storage for the record-making 1949 crop Tuesday, when Secretary Brannan of the Department of Agriculture advanced a program to care for the un-housed grain.

Brannan's proposal embraced three points, which wheat farmers believe will aid in taking care of the huge production.

For several days no storage space has been available, and under regulations of the department, parity loans were not advanced unless the wheat had been put into storage.

Embargoes had been placed on wheat shipped for storage, and ports would not permit railroad cars to enter with such grain. The problem had grown acute with the growing flood of new grain pouring out of harvest areas.

The agriculture secretary's proposal is:

1. "Distress" price support loans will be made on grain piled on the ground or in temporary storage facilities pending construction of permanent storage to care for it.

2. Loans will be made to farmers for building new permanent farm storage places. Up to 85 percent of the cost of the facilities will be advanced by the government.

3. The Commodity Credit Corporation will construct storage facilities for 50,000,000 bushels, in bin-type granaries, to supplement 45,000,000 bushels of storage already owned by the CCC.

Under the "distress" loans, farmers may obtain equal to 75 per cent of the price support on grain

## Hamlin C-C Pays for 4-H Clubbers' Trips

Free trips for members of the 4-H Club who will attend the Round-Up at College Station, have been made possible by the Chambers of Commerce of Hamlin, Anson and Stamford.

Six club members will represent Jones county and include, Eloise Barker, Hawley, who will model in the State 4-H Club dress revue. Nellie Huddleston, Hawley, and Dorothy Bumpass, Noodle, have been selected as delegates. Mrs. M. H. Barker, leader of the Hawley Senior 4-H Club, will attend as adult leader for the group.

Bobby Wedeking, Anson 4-H club, and Joe Glen Levens, Avoca, will represent the Jones County boys club.

W. C. Kidd of Pecos was a guest this week in the home of his son, Lonnie Kidd, and of his daughters, Mrs. J. D. Putnam and Mrs. Mildred Roach. Kidd is a retired railroad engineer.

## "Not By Bread Alone"

Based entirely on a materialistic concept, the constant plea of President Truman for greater "security" for the masses, ignores the deeper, spiritual longings within the heart of mankind, and appeals only to his short-sighted, baser desires for material comforts.

Security—at least the kind within the scope of any government to provide—is not a desirable thing. Rather it is something to be shunned and avoided, because with the granting of each new "benefit" under the dubious benevolence of a government, comes the forging of new restrictions and new limits on the liberty of the individual.

Inherent within the soul of each American is a desire only for the kind of security which he can wrest from life with his own two hands. But Truman ignores this fact, and hearkening to the lure of leftist-leaning advisers within his own administration, he seeks to wrap the mantle of governmental protection about all citizens as they travel the time-worn path from the womb to the tomb.

Throughout the long history of the human race, mankind's struggle has been, not for security, but for liberty. Security is that state which dumb animals might seek. Security is that thing attained most by people in penitentiaries and insane asylums.

Freedom is the motive that has activated patriots in all ages when they stood firm for a cause, even when their lives were at stake.

For each new guarantee of "security" the individual must of necessity surrender some basic right. For each new protection offered by politicians, he must bow to some irksome regulation.

The slavish hordes of Soviet Russia know security—a security far in excess of the wildest dreams of our impractical president and his coterie of pink-tinted planners. But the people of Russia do not know the meaning of the term liberty. They have no conception of the meaning of freedom. They surrendered those precious conditions when they turned to a bureaucratic government for "security."

America's history is replete with ex-

amples of men who believed liberty to be the most precious heritage of mankind. It was because of a desire for liberty that intrepid men pushed out from the shores of tyrant-ridden Europe and braved the stormy waters of the Atlantic to carve new homes on the rocky shores of a wilderness.

A desire for liberty led the courageous men who affixed their signatures to the Declaration of Independence, and gave notice to all the world that "these United States are, and of a right ought to be, free and independent states."

But now, in the short span of half a generation, all of this tradition has been changed. In the brief time of 17 years Americans have been told that our greatest need is not liberty, but the paternalistic meddling of a bureaucratic government that will force "security" upon its subjects with no regard whatsoever for liberty or rights.

Coupled with this steady encroachment of an autocratic government upon our rights, has been the handing out of "benefits" in the form of monetary payments, to serve as a sedative to those restive souls who can see beneath the cloak of benevolence that covers the malevolent force of tyranny which is back of this great "humanitarian" movement.

Americans are not yet completely enslaved by the hydra-headed monster in Washington. They still retain a few rights and a few liberties, but even those are fast vanishing away.

And, if an unaroused people fails to voice its protest against the constant and stealthy march of totalitarianism within our land, another generation will know no more liberty than is now known by the subjects of Stalin.

President Truman should turn again to the Bible of his mother and read once more the eternal truths contained in the Book of books. He should read the words of Jesus when He sought to teach His disciples that material comforts and material wealth are not actual but ephemeral. He should study well the parables which taught men to depend, not upon governments, but upon their own initiative and upon God for security.

It was Jesus who said, "Man shall not live by bread alone."

## PETE ALMOST PASSED TO FIFTH, BUT TEACHER PUT STOP TO IT WHEN SHE WAS GIVEN PROMOTION, HERSELF

## Economic Indigestion

## Only Way to Achieve Real Success Is To Submit to Leadership of Christ

By Dr. Norman Vincent Peale

The idea for this article was suggested by a very good friend of mine. He is an inspiring person with whom I have been closely associated for a long while. He is the father of a little girl nine years of age. He is a wise parent, and watching her one night he wondered if there was not some way he could protect her from mistakes that she might make in life.

My friend asked himself, "Why must she do the same foolish things that I have done? I have learned how to go to a party and have a good time. He writes in part, "You must not think about yourself, but be alert to any way you can assist your host or hostess. Look around to see if anyone in the room looks uncomfortable. If you see someone who is not having a good time, make it your business to try to change that unhappy situation, and you will not only have a better time yourself, but you will have made a good friend because of your unselfish thoughtfulness."

He adopted a unique plan. He is writing her a collection of letters. One letter for example, suggests how to go to a party and have a good time. He writes in part, "You must not think about yourself, but be alert to any way you can assist your host or hostess. Look around to see if anyone in the room looks uncomfortable. If you see someone who is not having a good time, make it your business to try to change that unhappy situation, and you will not only have a better time yourself, but you will have made a good friend because of your unselfish thoughtfulness."

Another letter was to the effect that the greatest thing we must have in life is courage, and explained how to have courage. Again he said, "You are going to come up against certain temptations. You will have to know how to be strong and wise to meet temptations." This father says he wishes his little girl to live a rich, full life. He wishes her to have goals and to know how to reach them. When all these letters have finally been written he is going to have them bound into a volume entitled: "How to Get Where You Want to Go."

This father wishes his daughter to have a definite goal. He knows it is the hazy idea that some people have about where they want to go that defeats their efforts, leading to frustration. He realizes that if an individual will visualize far heights, and believe, and work, that individual will indeed reach the desired goal.

Then, if Jesus Christ is allowed to enter one's life, there comes a realization after a while that one within one's self more than was ever dreamed. This is a great truth that was taught American youth from the very beginning of this country up to fifteen or twenty years ago. Then some people got the idea that it was not socially enlightened to talk about an individual getting somewhere. Such a concept is a denial of man's nature.

It denies the fact of God in man. When a person "walks with God" and gets to know God, one of the great things that happens to him is that he gets to know himself. He realizes his possibilities. He becomes aware of the divinity within himself. There are astonishing things in people can be released.

It is all very simple. In the Book of the Prophet Isaiah, 30:20, we read: "... This is the way, walk ye in it ..." Follow with is scriptural injunction and you will be led to great heights. It is the only path you can follow that will take you where you want to go.

So, first of all, know where you want to go; have a definite objective and make those great dreams come true.

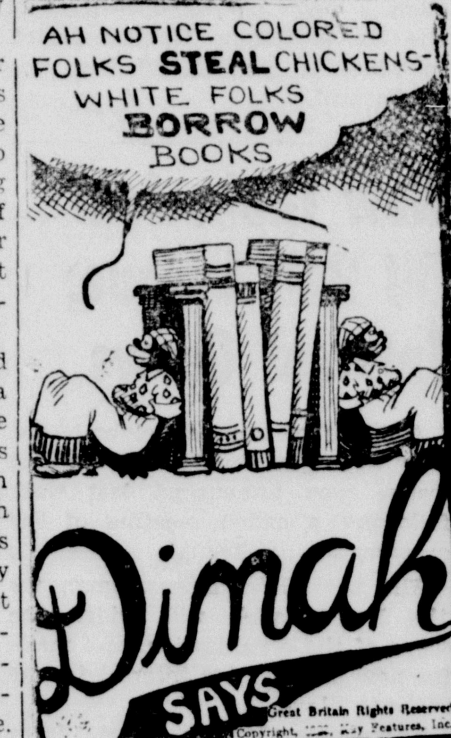

## Chest X-Rays to Be Given Free

Free X-ray pictures of the chest will be made in a clinic sponsored by the state Tuberculosis Association, in cooperation with the Jones County association, in Stamford June 16, 17 and 18.

Joe Breed, county chairman for the program, has urged that all persons 15 years of age and over, come to Stamford for X-ray photos of their chests.

There is no cost whatever to the individual, and it takes about 2 minutes to have the picture taken, Breed said.

Physicians believe the X-ray method is the best so far devised for determining if the individual has tuberculosis. When discovered in its early stages tuberculosis is usually curable, it was pointed out.

## 'Socialized Medicine' Scheme Will Be Deterrent to Young Doctors, Peck Says

BY GEORGE PECK

In recent weeks I have had much to say in this column about the Administration's proposed plan of Compulsory Health Insurance, which I choose to call by its proper name, "Socialized Medicine. Anyone who has had the patience to read my verbal outpourings can have no doubt that I am bitterly opposed to the plan; that I see in this proposal a deliberate attempt to regiment American citizenry.

Every nation that has embarked on such a scheme of providing so-called "Free Medicine" to its subjects (that's what citizens become under it) has sooner or later discovered that it costs a great more than estimated, that national health has deteriorated, not improved; and that the progress of medical science and research have virtually been halted in their tracks.

Undoubtedly, the worst feature of Socialized Medicine is that it discourages the right kind of young men and women from undertaking the long and arduous training necessary to equip themselves to practice medicine and surgery. The net result is that inevitably under Socialized Medicine, the blight of mediocrity and even downright incompetence come to permeate the ranks of government physicians.

It took a young chap who runs the elevator in the apartment house where I live, to further impress me with the utter futility of Socialized Medicine. This young fellow is working his way through one of our medical schools, and his elevator job is a means toward that end. The other evening as he was taking me to my floor, he surprised me by asking, "What do you think of this Compulsory Health Insurance?"

Instead of answering his question, I turned it right back at him by asking him what he thought of it. "Well," he said, "All I hope is that it is so badly defeated in Congress that no one will be foolish enough to ever suggest such a thing again."

"Why?" I shot at him. "Do you think I would have ever entertained the idea of studying to be a doctor had I thought I would be forced to work for the government; that I would not be free to practice my profession according to my own ideas and to go as far in it as my ability and application would carry me?" he replied.

And then he continued, "Do you think I would have taken the job of running this elevator eight hours a day, spending many more hours in class and in study each day for the past several years, just to get a Civil Service job? From the time I was a very young boy I have had the ambition to be a doctor, and to be a good one, so that I can serve my fellow men. Sure, I want to make a decent living after I get my degree and serve my internship, but I have no hope of ever accumulating any great amount of material wealth."

By this time we had long since reached my floor and some other tenant was impatiently pushing the buzzer. My young friend had to go on about his business, but this ele-

vator boy and physician in the making had said enough to further convince me that we must not have Socialized Medicine or Compulsory Health Insurance, call it what you like, in this free America of ours. Nothing must be done, legislatively or otherwise, that will deter young men, as exemplified by this elevator boy, from being willing to undergo the travail of the long grind of preparing themselves to enter the high calling of the medical profession.

Let your United States Senator and Congressman know that it is your wish, in fact, your demand that they vote "NO" on Compulsory Health Insurance so as to insure continuation of competent reinforcements to, and replacements of our medical ranks. Today the U. S. A. is the healthiest nation on God's green footstool. Let's stay that way.

A large whirlpool region in the North Atlantic is called the Sargasso Sea.

Plagiarism is stealing another's ideas and passing them as one's own.

## State Fair Prexy Sneers at Effort California Is Making to Stage One

"We didn't even know they had a state fair in California," R. L. Thornton, president of the State Fair of Texas, has declared in the current controversy between the two states as to whose fair is bigger.

W. C. Wright, president of the California State Fair, recently announced that the West Coast fair tops the mammoth Texas exposition, and figuratively told Texas to

"put up or shut up."

"We'll put up," Thornton said. "And just in case the California fair does open its gates this year, we have delegated some of our best secret service operatives to try to locate the town of Sacramento and see just what claims, if any, are true."

"If we find anything at all, we arrange to send a half dozen flat cars to transport their entire fair to Texas, and place it in a corner of our own fair grounds as some sort of Lilliputian novelty."

Thornton said he doubted the ability of Californians to build a truly great fair.

"Two or three years ago a bunch of fellows from California were in Texas wanting to know what it takes to build a great show like ours. We told them it takes 35 years and 35 million dollars. Unless they have borrowed the money from somebody in Texas, I am sure they haven't what it takes."

"But we should give them credit for having the foresight to schedule their carnival a month ahead of the State Fair of Texas. If it were the other way around, they would probably be too discouraged to go on."

"The State Fair of Texas long ago demonstrated that in attendance, size of grounds, value of buildings, scope of livestock and agriculture shows, and in number of outstanding athletic and other special events, the Texas fair stands so far above any other exposition in the world that the words 'biggest and best' have ceased to have meaning when applied to any other fair."

While he was on the warpath, Thornton took a poke at California's boast that its oil wells are biggest and best.

"Why, you could take all the oil wells in California and put them down in the East Texas field and it would look like a lonesome pine on King Ranch."

## Relief Expressed by Wife at Graduation

After working for a telephone company since the war to keep her GI husband in Texas Tech, a young Lubbock woman in formal engraved announcements has advised friends:

"Mrs. Worth A. Zachary finally announces (with pleasure and relief) the graduation of her husband from Texas Technological college on May Thirtieth, Nineteen Hundred and Forty-nine."

Zachary, accounting major, entered Texas Tech in 1942 and took time out to serve in the Marines during the late war.

Mr. and Mrs. Gilbert Bowman and children, Jack and Beekie, spent several days last week in Dallas visiting Billy and Gilbert Bowman Jr., who are employed at an aircraft factory. They also visited in Fort Worth.

C. D. Diltz of Smithville, Texas, was a guest Tuesday afternoon of Mr. and Mrs. Joe Simpson and family, in Hamlin.

Mrs. Bonner is a guest this week of her sister, Mrs. Alvis Ammons and family, in Wichita Falls.

Mr. and Mrs. Clarence Jordon of Levelland were guests this week of Mr. and Mrs. Harold Bonner in Hamlin.

## New Highway Maps of Texas Now Available

The 1949 Texas Highway Map comes off the presses this week ready for free distribution by the Texas Highway Department. Showing 31,000 miles of completed Texas highways, over 30,000 miles paved the map is illustrated with drawings and 30 full color pictures.

A panel is devoted this year to travel attractions in Mexico on the Pan-American Highway, with particular attention given to prehistoric ruins. This highway, which dissects Texas, north to south, now runs to Tuxtla, almost Central America. Texas will be the gateway state in future travel on this international road.

Complete mileage tables of comparative distances between Texas cities and between state capitals outside of Texas to border points in Texas are given. Mileages from Laredo south to points on the Pan American Highway are included. A United States road map, showing major national highways, is on the back of the Texas map.

## DANIEL GRADUATES

Guy Burnham Daniel of Hamlin is one of the graduates of Texas A&M College in the 1949 class. Daniel, who will receive his diploma this week, will be awarded a bachelor of science degree in accounting.

Mr. and Mrs. Blake Campbell, and son, Ben David, of Palestine, former residents of Hamlin, are guests this week in the home of Mr. and Mrs. Tarleton Willingham.

- Tighten all ignition and electrical wiring.
- Inspect distributor points, breaker plate and adjust.
- Adjust carburetor, test fuel pump and clean oil bath air cleaner.
- Tighten cylinder head studs.
- Inspect radiator, tighten radiator hose and adjust fan belts.
- Road test car.

## Street Markers Are Installed in Roby

Installation of street markers will get underway in Roby within the next few days, following the letting of a contract for their erection this week.

The project is scheduled to be completed within 30 days from date of the contract, according to Sidney P. Nicks, head of the Junior Chamber of Commerce, which sponsored the program.

In addition to street markers, all houses in Roby will be numbered, Nicks said.

## High Blood Pressure

HARDENING OF ARTERIES  
PAINS IN LEFT SIDE  
AND SIDE—

Elmer G. Johnson, President of Harlingen State Bank, Harlingen, Texas, writes, on February 20, 1948:

"Please send another bottle of Liquid Garlic, also send a bottle to my sister-in-law, Mrs. Hulda C. Dutton, 45 Atwater Terrace, Springfield, Massachusetts.

"I have some good reports to make on the effectiveness of garlic used. Mr. Turner, Texaco dealer here has taken two bottles and is much better, his blood pressure down about 60 points. Mrs. W. F. Nelson, of San Benito, who was in bad shape, is also very much better and her blood pressure down considerably. This Garlic works, and you are doing a fine job of producing it for benefit of those suffering from high blood pressure or heart trouble."

Hundreds of other testimonials of similar nature.

## AGAINST "FAIR DEAL"

## Questionnaire Reveals People Are Opposed to Presidents' Proposals

Residents of Fisher and Jones counties are overwhelmingly opposed to the brand of new dealism labeled by President Truman as the "fair deal," according to Omar Burleson, representative from the 17th district.

Burleson sent out questionnaires to voters on questions before congress.

The Herald received compilations of the questionnaires from the voters of the two counties this week. Burleson's office staff had spent many weeks in sifting the questionnaires and compiling the results of the ballot.

In Jones County the results were as follows on provisions of the Taft-Hartley labor law: The provision which prohibits closed shop, for 399, against 137; the provision which prohibits secondary boycotts, for 426, against 101; the provision for "cooling off" period before strikes affecting the national interest can be called, for 519, against 23; the provision which requires union officials to subscribe to non-communist oaths, for 514, against 26; the provision which authorizes civil damages for both labor and management for breach of contract, for 508, against 27.

On the proposal to allocate scarce goods and materials, on a nationwide rationing plan, for 326, against 178.

The Economic Recovery program in Western Europe was favored by 372 with only 91 voting opposition.

Voters were opposed to a federal law which would abolish the poll tax as a qualification for voting. The vote was 156 for and 382 against.

The so-called fair employment practice act, which was urged by the president, is opposed by 389 voters while 136 Jones Countians were for the proposal.

A total of 378 voted against a federal anti-lynch bill, while 160 favored the legislation.

A whopping majority of 514 to 31 expressed disapproval of the proposed federal law which would do away with the rights of states to handle racial segregation problems.

A further reduction in income taxes, similar to the reduction made in 1948, was favored 293 to 190.

And only 43 persons voted for repealing the income tax reduction made in 1948, while 454 persons voted for keeping the reductions intact.

Similar results were obtained in Fisher County, with only differences appearing in the number of persons who voted.

On the Taft-Hartley labor law the votes were as follows: prohibition of closed shop, 229 for and 76 against; prohibition of secondary boycotts and strikes, 249 for and 42 against; provision for "cooling off" period, 301 for and 5 against; provision for

non-communist oaths, 394 for and 12 against; provision for civil damages for breach of contract, 299 for and 7 against.

Two hundred Fisher Countians favor allocation of scarce goods and materials to 79 against.

The European recovery program was favored by 211 while 46 voted against it.

On the abolition of poll taxes by federal edict 211 people voted against and 76 for.

The fair employment practice act was favored by 79 while 197 were opposed to it.

Federal jurisdiction over criminal offenses involving lynching was favored by only 99, while 181 were opposed.

A majority of 271 to 11 was voted against the proposal to enact federal laws dealing with racial segregation problems.

A further reduction of income taxes was favored by 154, while 99 said they were opposed to a reduction.

Those in favor of repealing the 1948 income tax reduction totaled only 25, while 224 were opposed to the repeal.

## Tel Class Social Was In Meeks Home June 1

Mrs. Ella Meeks was hostess to members of the T. E. L. Sunday School class of the First Baptist church, when they met in her home last Wednesday afternoon.

Mrs. Roy Carmichael was in charge of a business session and Mrs. Kenneth Scott gave the devotional.

During the business session, new group captains were elected and included Mrs. Ella Meeks, Mrs. Jessie Scott, Mrs. H. O. Cassle, Mrs. Myrtle Williams.

Refreshments were served to Mrs. Georgia Hines, Mrs. Jessie Scott, Mrs. Florence McWright, Mrs. Myrtle Williams, Mrs. Linia Pollard, Mrs. Lavada Storms, Mrs. H. O. Cassle, Mrs. Bowen Pope, Mrs. Laura Graham, Mrs. Katie Green, Mrs. Bill Terry, Mrs. Esther Carmichael, Mrs. Wardie Wilkerson.

Caviar is a preparation of certain large fish.

Thermos bottles keep liquids either hot or cold because a vacuum does not conduct heat.

Closure, in legislative parlance, means the ending of debate by majority vote.

## International Law Commission Meets at U.N.

Charged with the fundamental job of developing and codifying the international law which is to govern the conduct of nations, the International Law Commission of the United Nations is now holding its first session at Lake Success, N. Y. Members of the Commission shown here at U.N. Headquarters are: Left to right, Dr. Vladimir Koretsky, of the USSR; Chairman Judge Manley Hudson of the United States, Sir Bengal Rau, of India; and Dr. A. Amado of Brazil.

## Gift Reception in Home of Mrs. Russell Was Compliment to Miss Mary Boyd, Bride-Elect

A gift reception, complimenting room, and Mrs. J. W. Ezell served Mary Boyd of Lubbock, formerly of Hamlin, was held in the home of Mrs. W. C. Russell. Mrs. Tate May, Mrs. Lott Shell of Abilene, Mrs. Austin Poe, Mrs. Delma Sheburn, Mrs. John Walton and Mrs. Tom Vaughan were associate hostesses.

Miss Boyd will be married June 12 to Jack Hagelstein, Lubbock, Texas.

Mrs. Russell was at the head of the receiving line, which included Mrs. W. L. Boyd, Sr., mother of the honoree; Mrs. Chris Hagelstein mother of the bride-groom-to-be, of San Angelo; Miss Mary Hagelstein, sister of the groom-to-be; Mrs. W. H. Albritton; Mrs. Phil Sparkman, Sweetwater; Mrs. Wright Boyd, Lamesa; and Mrs. Wright Grant Boyd, Lamesa.

Mrs. Tate May served refreshments from a table laid with Madeira and centered with a white lace fan flanked with pastel flowers.

Mrs. O. D. Roland and Mrs. W. A. Albritton were in the gift

The Navy crew of the USS Chicot turned "cowboy" when they delivered 140 calves and heifers to Guam and Hawaii.

A major overhaul is given Navy flying boats, MARS, every 5,000 flight hours.

Elizabeth Vergoose originated Mother Goose Rhymes in the 18th century.

Friday is considered unlucky because it was the day of the Crucifixion.

## Candidate

Caso March of Waco has resigned his position as professor of law at Baylor University to make his third consecutive race for Governor of Texas. The Waco lawyer has announced that he will open his campaign headquarters in Waco and hit the campaign trail in early June and stay on the road until the election, 1950. March's platform calls for the redistribution of the tax burden in Texas from the small home owner and farmer to certain natural resources; \$50 a month old age pensions, rural roads, aid to institutions for the mentally sick, veterans bonus assumption by the State of the local bond indebtedness of school districts and the preservation of local self government in Texas.

## Natural Resistance of Body Helps to Fight Invasion of Tuberculosis Germs

One of the most fascinating aspects of the human body's physical processes is its amazing efficient mechanism to fight infection and disease.

Among the most persistent of the body's unwelcome invaders is the tubercle bacillus, the germ which causes tuberculosis. Tuberculosis is spread from person when one who has the disease in an infectious form scatters tubercle bacilli from the nose and mouth as he sneezes and coughs.

Probably most of us have inhaled tubercle bacilli at one time or another. No matter how careful we are, we cannot always keep tuberculosis in our daily lives because people can have the disease and not be aware of it since tuberculosis has no obvious symptoms in an early stage.

But many of us who take in tubercle bacilli do not get tuberculosis, although every time tubercle bacilli enter the body there is dan-

ger. Many people escape active disease because of what we call "resistance"—the body's vigorous fight to weaken and kill the invader.

The first time tubercle bacilli invade the lungs, the body immediately sends an army of white blood cells to fight the spread of infection. Calcium from the blood stream surrounds the germs on all sides, building tiny prisons around them called "tubercles."

In the majority of cases, the germs remain imprisoned and inactive. But the tubercle bacilli are living organisms and may be just "sleeping," not "dead." They may later break out of their prison if the natural resistance of the body is weakened by other illnesses, or by malnutrition or exhaustion.

The natural resistance of a person can also be overpowered by a new invasion of tubercle bacilli from the outside.

Even if a person does get tuberculosis, however, his body's defenses

## Hamlin Births

To Mr. and Mrs. C. E. Conner, in Hamlin Memorial Hospital, Monday, June 3, a son. The child has been named Gary.

To Mr. and Mrs. R. A. Thompson, in Hamlin Memorial Hospital, Monday, June 6, a daughter, who has been named Shirley Ann.

To Mr. and Mrs. P. G. Holland, Monday, June 6, a son. He has been given the name of John Orville.

A Navy Supply Center building at Norfolk, Va., is large enough to house and support with electricity and telephones a town of 5,000 people.

Booker T. Washington was the first president of Tuskegee Institute.

will continue to fight the disease. If the disease is diagnosed in an early stage and if the patient is put on complete bed rest, under the supervision of a doctor, the patient's body builds up its forces to fight the disease and usually overcomes the infection.

## Parents Warned Of Dangers of Rheumatic Fever

Rheumatic heart fever, the disabling and often fatal disease of children and young adults in the age group 10 to 25 years.

Unfortunately, there has been developed for this disease no vaccine such as we have for smallpox, diphtheria and whooping cough, but by recognizing the early symptoms and obtaining a competent physician's diagnosis and treatment, some of the damaging results of rheumatic heart disease can be prevented or moderated.

The state health officer, Dr. Geo. W. Cox, says that "in general the early symptoms of rheumatic fever are pain and swelling in the joints of the knees, ankles, elbows or wrists. The pain is felt usually in one of these joints, and spreads frequently to the others. Often a doctor's examination of a child who becomes irritable and cross without apparent cause, cries easily, and develops nervous habits, will disclose of the presence of rheumatic heart disease."

Predisposing causes to this serious illness include frequent chilling, living in damp, steamy quarters, poor diet, frequent colds, and sometimes scarlet fever or other infections caused by certain streptococcus germs. All such conditions should be avoided if at all possible.

Protection for children against rheumatic heart disease, should include a thorough physical examination at least once a year; a well balanced and nourishing diet; sufficient rest and sleep, and dressing at all times in accordance with the temperature of the room or playground. Consult a physician at once if any symptom suggests that this disease may be present or in the process of developing.

Mr. and Mrs. Wright Boyd of Lamesa and Mrs. Phil Sparkman of Sweetwater were guests last week end of Mr. and Mrs. W. L. Boyd in Hamlin.

Betty June Teague, daughter of Mr. and Mrs. S. A. Teague and granddaughter of Mr. and Mrs. J. H. Foster of Hamlin, was returned to her home here Tuesday, after receiving medical treatment in a Rotan hospital.

## 28 Registrants Sign for Draft In Jones County

A total of 28 young men, who had attained their 18th birthdays, signed up for selective service during the month of May in Jones County. It was reported this week by the local board.

Under the selective service law young men are required to register within 10 days after attaining the age of 18.

Those registered last month were: Wade Roberts, David Jackson Gilleland, Billy Ray Lusk, Olen Andrew Hill, Raymond Elva Scifres, Lonzo Milton Neatherlin, Walter Harlan Clevenger.

John Sidney Lankford Jr., Glen Crawford Bailiff, Wayland Marice Carmen, John Weldon Washburn, James Howard Hale, Billy Earl Cluck, Harman Reginal Conner, Billy Ross Hamilton, Thomas Vance Bills, Ira Albert Russell Jr.

David Owen Buter, Darrell Wyvonne Moran, James Arthur Smith, Thomas Morris Nanny, Richard Lloyd Shirley, Bobby Glenn Whitt, Gene Frank Brown, Donald Ray Jones, Billy Lee Rogers, Jesse Onan Brothers and Floyd Hubert Young Jr.

Mr. and Mrs. C. C. Prater will spend the week end in Notrees, Texas, near Odessa, where they will be guests of their son, Charles, and Mrs. Prater.

OFFICE FORMS at The Herald.

## Baptist WMS Met for Program Monday

Mrs. Tate May gave the devotional, "Words of Truth and Soberness", at the meeting of the Woman's Missionary Society of the First Baptist Church Monday afternoon.

Mrs. A. R. Posey and Mrs. Marvin Carlton had charge of the music for the program.

Mrs. Joe Simpson, president, heard reports from each committee chairman, and Mrs. W. L. Boyd gave the treasurer's report.

In a business session, polio was discussed and plans were made to distribute polio literature in the homes in Hamlin.

Prayers for the sick were given by Mrs. A. G. Miller, Mrs. M. P. May and Mrs. A. R. Posey.

Still for free ...

You're invited to make full use of Humble Touring Service whenever you plan a trip by automobile to any place in the United States, Canada or Mexico.

## News From Our Neighbors

Events from nearby towns, taken from other papers.

**ERKEL**—Funeral rites for Mrs. S. L. Grayson, 68, were conducted last Sunday afternoon. Mrs. Grayson, a resident here for 13 years, died last Thursday.

**ERKEL**—Mark Fisher, former superintendent of Judson schools, has been elected superintendent of Merkel school system, it was announced this week.

**ERKEL**—Plans for purchasing a machine for Merkel, to aid in combatting flies and mosquitoes, were inaugurated this week. It is proposed to investigate the costs of a program and then devise a method of paying for the machine.

**ERKEL**—Rev. W. C. Hinds, newly appointed of the Plainview district for Methodist churches, has been assigned as pastor of the Merkel Methodist Church. He replaces Rev. R. L. Butler.

**ERKEL**—No trace had been heard early this week of Ben Ferguson, who, with his uncle, T. C. Kins, had been missing in an airplane since last Saturday. The men, both residents of Stephenville, had been on a flying trip to Hot Springs, Ark. Ferguson is the son of Mr. and Mrs. R. M. Ferguson, and was graduated from Merkel high school and served as an ensign in the navy during the war.

**SPUR**—Clean-up week in Spur has been set for June 6 to 13, when a DDT sprayer will make the rounds, spraying alleys and streets to reduce the dangers from flies and mosquitoes.

**SPUR**—Funeral services for James A. Legg, 85, were conducted Monday afternoon. Legg, a resident of this area for 45 years, died last Sunday.

**SNYDER**—Funeral services for H. P. Spencer, 72, were conducted Monday afternoon. Spencer, a retired rancher, died early last Sunday following a heart attack.

**SNIDER**—Scurry County's scholastic population gained 166 during the past year, according to a compilation of figures obtained in the recent school census. Total number counted in the county for the current year was 2,389.

**SNYDER**—Plans for remodeling and repairing Scurry county's courthouse were delayed this week when bid submitted for the project were rejected as being in excess of the amount of money available.

**HASKELL**—Approval has been given for two additional farm-to-market road projects in Haskell County, it was announced by the state highway department.

**HASKELL**—Rev. Vernon N. Henderson, pastor of the First Methodist Church for the past year, has been reassigned here as pastor for the ensuing year.

**HASKELL**—Rites for Mrs. Marion Miller, 63, were conducted Wednesday. Mrs. Miller died Tuesday following an extended illness.

**RULE**—Miss Myra Nell Anders of Rule, a student in Texas State College for Women, will attend the American Home Economics association convention in San Francisco June 27 to July 1.

**MERKEL**—Troy M. Cummings, minister of the Merkel Church of Christ for the past year, has resigned to accept the pastorate of a Dallas church.

**ROTAN**—Reburial services were conducted Sunday afternoon for Lt. Raleigh S. Ragsdale. He was a graduate of Rotan high school and later attended McMurry College.

**ROTAN**—An indictment of theft by pretext was returned last week by a Fisher County grand jury against E. Lewis, who arrived in Rotan and represented himself as an advance agent of a carnival. He is alleged to have obtained merchandise and money by this means.

**ROTAN**—Funeral rites for Mrs. Hattie Weems, 74, were conducted last Saturday morning. Mrs. Weems, a resident of this area for more than 40 years, died in the Callan Hospital last Thursday.

**ROTAN**—Services were conducted Friday afternoon for Mrs. Annie Rivers, 74, who died in the Callan Hospital Thursday morning. Mrs. Rivers had been ill for several weeks.

**SNYDER**—Rev. W. W. Adcock, formerly of Hale Center, has been named pastor of the First Methodist Church here. He succeeds Rev. W. W. Hanks, who was assigned to Hale Center in the exchange.

**SNYDER**—Two new wells to supply water for the city of Snyder have been completed, to bring to a total of 12 wells that are now serving the community.

**SNYDER**—Rites for Mrs. Fannie Carrie, 66, were conducted last Sunday afternoon.

day afternoon. Mrs. Carrie, long a resident of Scurry County, died in a Lubbock hospital Thursday.

**SNYDER**—Funeral for George C. Robertson, 67, retired Snyder farmer, were conducted Monday afternoon. He died in a Wichita Falls hospital Sunday.

**STAMFORD**—Ralph Hardy has been employed as assistant athletic coach for Stamford high school and John R. Dyer has been named coach for the junior high. Supt. L. W. Johnson announced this week Hardy is from Abilene and Dyer is from Rule.

**STAMFORD**—Two trips to advertise the 1949 Texas Cowboy Reunion will be made by members of the Stamford Exchange Club and the Jaycees. The trips will include 18 towns in this area.

**STAMFORD**—Dr. Eugene Hickey has been named president of the Stamford Junior Chamber of Commerce to succeed Ted Myers. Other officers elected are: Julian Elliott, first vice president; Jim Lindsey, second vice president; and John Dobbins, secretary-treasurer.

**STAMFORD**—Rev. Charles B.

**49 PONTIAC**

A Product of General Motors

## Two of America's Most Popular Motor Cars

Pictured above are typical examples of the two smart and separate lines of cars which bear the current imprint of Pontiac goodness—the Streamliner and the Chiefline De Luxe Sedan Coupes.

Each is in such demand that, on its own, it ranks among America's most popular cars today. That two cars of such decidedly different appearance should each enjoy such wide acceptance is easy to explain. **THEY'RE BOTH PONTIACS!**

While each has its own individualized smartness, both offer all the great basic Pontiac virtues. Both

are conspicuously beautiful. Both carry the well-known promise of Pontiac quality—long life, dependability, and fine performance. Both afford the smooth, enjoyable performance of Pontiac's two great engines—the power-packed straight eight or its equally famous six-cylinder companion.

Finally, both represent unusual values—a very fine product at a very low price. Either one you choose will make you mighty happy.

Hydra-Matic Drive, white sidewall tires, bumper with guards and fender shields available at extra cost.

## Official Memorandum

by  
**BEAUFORD H. JESTER**

Governor of the State of Texas

AUSTIN, TEXAS

## GREETINGS:

This State is always profoundly interested in the health and the strength of its citizens and in its economic welfare. Milk is recognized as of vital and increasing importance to universal well being; and as nature's most nearly perfect food.

The preservation and improvement of the vast American dairy industry, with 10 million Americans wholly dependent upon it and its allied industries for livelihood, are of interest to all Americans as a matter of practical living, and indirectly are of priceless interest to the peoples of the world.

The American dairy industry annually sets aside the month of June as a period in which the health and life-giving values of milk and dairy products may be emphasized, because June is the month when Nature's bounty is most abundant and our dairy herds achieve their greatest and best production; now

THEREFORE, I, as Governor of the State of Texas, do hereby request the observance throughout the State of the month of June as

## JUNE DAIRY MONTH FOR THE STATE OF TEXAS

and I urge that in this way we appreciate the opportunities herein expressed, and do urge civic and business associations to cooperate in its observance, both in public and in private, in order to increase our appreciation of milk and dairy products, to the end that our health and happiness may be improved, and our gratitude to the Great Giver expressed.

In official recognition whereof, I hereby affix my signature this 24th day of May, A. D., 1949.

**BEAUFORD H. JESTER**  
Governor of the State of Texas

## Farm Markets Break as New Crops Start Pouring Into Trade Channels

Most southwest farm markets displayed easier to definitely lower tendencies during the past week. The U. S. Department of Agriculture's Production and Marketing Administration reports. Some products sold steady to strong.

Tomato shipments from east Texas added to those from south Texas to bring much lower prices this week. Lower Rio Grande Valley growers received mostly 1½ to 2 cents a pound over the weekend. Increased haulings of onions in North Texas found fairly good demand in mostly steady markets. Riffy pound sacks of U. S. No. 1 yellow Bermudas loaded mainly from \$2.15 to \$2.25. Good greens were scarce at Fort Worth, but watermelons and East Texas potatoes were liberal and lower.

New crop supplies dropped wheat and barley prices around 20 cents a bushel and sorghums 25 cents a hundred pounds since a week ago Friday. Other grains changed little. No. 1 wheat closed Monday at \$1.89 1-2 to \$1.96 1-2 in bulk carlots at Texas common points. No. 2 barley brought \$1.02 to \$1.07, and milo \$2.40 to \$2.50.

Growing rice made good progress, and milled rice held steady last week. Best long grains brought \$13, and short grains \$9 per hundred pounds. Prices of many feedstuffs fell sharply. Unfavorable curing weather caused unsettled hay markets. Markets received mostly wet, undercured or damaged alfalfa hay. Peanuts made slow growth, and less than a fourth of the crop has been planted in North Texas.

Hens sold lower than a week ago, but fryers held firm. North Texas markets paid 23 to 26 cents a pound for heavy hens, 20 to 23 for light hens, and 28 to 31 cents for fryers. Denver quoted similar prices and New Orleans some higher. Eggs eased only slightly. Current receipts ranged largely from 37 to 39 cents a dozen.

Sheep and lamb markets drifted irregularly lower during the week. Receipts fell somewhat below the week before. Dressed lamb dropped \$2 to \$3 at New York, and mutton \$2 to \$5. Best spring lambs sold up to \$30 at Denver, \$29.50 at Oklahoma City and \$28.50 at Fort Worth. Goats changed little for the week

at San Antonio.

Eight-months wool sold in Texas at 60 to 64 cents per pound in the grease.

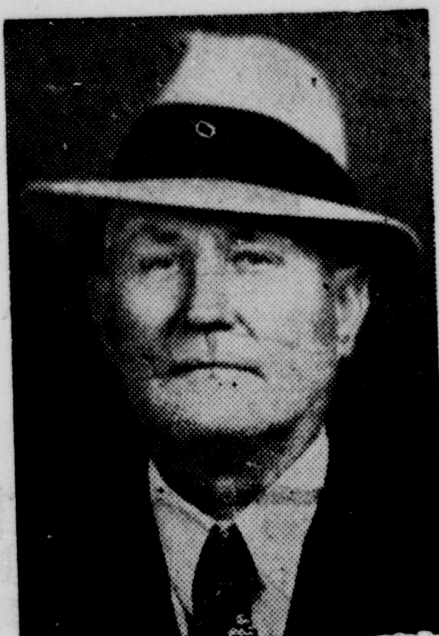

Hogs and sows gained 25 to 50 cents pigs \$1.50 at Fort Worth, but San Antonio and Denver showed slight declines for the week. Top butchers closed Monday at \$21 at Fort Worth and Oklahoma City, \$21.25 at San Antonio, and \$22.50 at Denver. Receipts fell off from the previous week. Pork sold steady to \$1 higher.

Moderately lighter receipts of cattle and calves at southwest markets sold steady to slightly higher than a week ago. Beef prices advanced 50 cents to \$2.50 at the eastern wholesale markets, but veal sold steady to \$1 lower. Canner and cutter cows ranged from \$12 to \$16.50 in Monday's trade at Texas markets and \$16 to \$17.50 at Denver. Medium and good grades brought \$16.50 to \$19 at Oklahoma City.

Cotton declined around \$1 a bale since a week ago Friday. Spot middling 15-16 inch closed Monday at 32.10 cents a pound at Dallas, 32.20 at Houston, and 32.20 at New Orleans.

## MONUMENTS

## Friendship HD Club Hears Book Report

Mrs. M. S. Johnson reviewed the book, "Mama's Bank Account," by Kathryn Forbes, for members of the Friendship Home Demonstration Club, when they met in the Community Center last Friday.

Mrs. J. E. Johnson gave a financial report of the club, and also educational recommendations from the T. H. D. A.

Mrs. Grady Smith gave a report of the last council meeting at Anson. Refreshments of sandwiches, punch and mints were served by the hostess, Mrs. J. E. Johnson.

Mrs. Joe League and Mrs. George Rogers were visitors at the meeting. Members present were Mrs. Cecil Brown, Mrs. Roy Brown, Mrs. James Brown, Mrs. Sol Branscum, Mrs. Jack Collins, Mrs. John Nix, Mrs. J. E. Johnson, Mrs. M. S. Johnson, Mrs. Ray Robinson, Mrs. Ray Johnson, Mrs. Edd Rogers, Mrs. Kelley Scott and Mrs. Opal Smith.

The next meeting will be June 10 in the community center.

Mr. and Mrs. Bill Harbert visited relatives in Fort Worth Monday. Miss Lynn Ann Burkett of Coleman is a guest this week in the home of Mr. and Mrs. Stanley Carmichael in Hamlin.

## County Grasshopper Bait Station Open

A bait mixing station, to prepare poison for grasshoppers, was opened in Anson last Wednesday, June 1, according to Bill Lehmborg, county agent.

The station is located at the Farmers Co-Operative Gin, Lehmborg said. It is planned to have the station open on Monday and Friday afternoons of each week, and if demand for the bait becomes sufficient, it will be opened three days each week.

## New President for F&M Bank in Abilene

W. L. Sibley of Gallup, New Mexico, was elected president of the Farmers & Merchants Bank in Abilene, it was announced this week.

Sibley, who spent 10 years as an examiner in this area, will succeed Henry James, who died several weeks ago.

A foot pound is the amount is the amount of energy required to raise one pound one foot.

## Miss Mary Boyd Feted At Pre-Nuptial Coffee

Mary Boyd, bride-elect of Jack Hagelstein, was complimented with a coffee at the home of Mrs. Holly Toler with Mrs. W. A. Albritton, Mrs. O. D. Roland, and Mrs. J. W. Ezell, associate hostesses.

Greeting the guests were Mrs. W. A. Albritton who presented Mrs. W. L. Boyd, Sr., who in turn presented the honoree.

Mrs. C. C. Prater directed guests to the coffee table in the dining room where Mrs. Roland and Mrs. Ezell served.

Pastel colors, the bride's chosen colors, predominated in decorations for the table.

Mrs. Wright Boyd, sister-in-law of Miss Boyd, from Lamesa registered guests. Mrs. W. Henry Albritton, sister of the honoree said the good-byes.

Midshipman Jesse L. Brown of Hattiesburg, Miss., is the first Negro to win his wings in the history of Naval Aviation.

## BENEFACTORS TO BE HONORED

Four-year-old Juanita Peacock of Lubbock will represent grateful young patients of the Texas Scottish Rite Hospital, Dallas, when Texas' leading citizens gather on the hospital lawn June 12 at 3:30 p.m. to pay tribute to the memory of men and women who have left bequests to the institution. Juanita watches as names of benefactors, who have past away during the last year, are added to the memorial statue. Dr. Theophilus S. Painter, president of the University of Texas, will be principal speaker for the services which will be broadcast over

Mr. and Mrs. Preston Graham of Wichita Falls spent Saturday and Sunday in Hamlin as guests of Mr. and Mrs. Dub Burgess, Mrs. Laura Graham, Mr. and Mrs. John Walton, Mr. and Mrs. Charlie Abbott and Mr. and Mrs. Thomas Ferguson.

There are eight doors in the Navy's super giant transport Constitution, plus 13 emergency exits.

Miss Janet Bonner has returned to her home in Hamlin after visiting for several days in the home of Mr. and Mrs. J. R. Burford in Abilene.

Brenda Gould returned to her home in Hamlin after spending a week in Lawton, Oklahoma, as a guest of her aunt, Mrs. L. G. Waggoner.

Mr. and Mrs. R. O. Proctor had as their guests last week, three of their grandchildren, Donald Brooks and Sandra Brooks of Stephenville, and Bobby Hawkins of Abilene, Mrs. O. D. Brooks, daughter of Mr. and Mrs. Proctor was met in Hamlin by Mr. Brooks, and accompanied the children to their home in Stephenville Sunday.

Handsome Gifts that show individuality and good taste. Dad will be thrilled and proud to receive them.
